

## GUERNSEY COUNTY/NTS/CARA/ARES NET PREAMBLE

### OPEN NET:

**Attention! Attention! This is the Cambridge Amateur Radio Association and Amateur Radio Emergency Service Net. Attention! Attention! This is the Cambridge Amateur Radio Association and Amateur Radio Emergency Service Net. This net meets each Tuesday evening at 8 PM local time on this frequency. The alternate frequencies of operation in case of repeater malfunction are 146.850 MHz Simplex with a sub-audible tone of 91.5 and 147.540 MHz Simplex in that order. All stations within range of this repeater are invited to participate in this net. This net is part of the National Traffic System and is a controlled net; therefore, all responses and comments will be directed to the Net Control Station. After NTS functions are completed, a CARA rag chew session will be held. After the CARA rag chew session, the ARES® session will begin. This evening's Net Control Station is (YOUR CALL) and my name is (YOUR NAME)**

**(1) Net Control will now check in all stations with formal traffic.**

**List calls and acknowledge. Advise any station with traffic to stand by. Net Control will ask one by one if there is any station(s) that can pass each message.**

**(2) Net Control will now stand by for all other stations to check in. List calls and acknowledge.**

**(3) Are there any club news or announcements?**

**(4) Are there any further check ins?**

**(5) We will now start our first round of comments. Call on each call that checked in. Does anyone have any amateur radio news/magazine articles? Or a trivia question for discussion? Take trivia question now if there is one.**

**(6) Are there any further check ins?**

**(7) We will start our second round of questions or comments. If trivia question, take answers to question on second round. After last response to trivia question, give/get answer.**

**(8) Would the Guernsey County Emergency Coordinator or AEC like to assume control of the net at this time for training or other purposes? NOTE: The County E.C. or AEC may assume Net Control at this time if they have reason to believe an emergency exists; otherwise, they should return control to originating station after their session.**

**(9) Are there any final check in's or comments?**

### CLOSE NET:

**This has been the Cambridge Amateur Radio Association and Amateur Radio Emergency Service Net. This net will meet again next Tuesday evening at 8 PM local time on the Cambridge 2, 5, 8, 5 repeater system. I would like to thank all stations that participated in this net and those who stood by while this net was in operation. This is Net Control (YOUR CALL) now terminating this net and returning this frequency to general amateur usage...73, thank you and have a good evening.**

**\*\*Everything is to be spoken except those items underlined. They are actions you need to do or know.**
